Anyone has a problem with this, blame DoctorpooandtheTURDIS lol.

Will and his twin sister El were looking for a bathroom, but there were no porta potties around in this fair, but he REALLY needed to go. El grabbed his hand, leading him to a more private area, with less of a risk of someone finding them, before kneeling before him, mouth open in eagerness.

"God, I LOVE you." He told his sister, shorts and boxers already at his feet. Sticking his half erect dick in her mouth, he closed his eyes, enjoying the sensations of El lapping up his piss.

There was more than she was expecting though, so some of it dribbled out of her mouth, running down her chin, the sight of it doing THINGS to Will. After he was done peeing, he NEEDED to fuck her, no holding back.

Feeling him pull out after he was done, El kept the large pool of pee in her mouth, liking how warm it was. Looking up into his eyes, she could see Will needed some relief, so swallowing the load of piss, she opened her mouth, Will practically POUNDING her mouth pussy.

Gagging and choking, she did nothing to stop him, loving how dominant her was with her, knowing he only got like this because he found her so incredibly attractive, he couldn't help himself sometimes. Sliding a hand down her shorts, she played with her clit,

eager to cum as well with Will. They both came at around the same time, El doing her best not to waste a single drop of his semen. When they were done, she opened her mouth, keeping his cum in there, before finally swallowing.

Alright, problem solved, back to the games!
